1 GE2O MAPPING TOOL

The present document is provided as support of Deliverable D4.4 “GeoCluster Mapping Tool” in the framework of the GE²O project. This document describes the content of D4.4 tool archive available on the project website (<http://www.geoclusters.eu/ge2O/D4.4-Ge2O-Mapping-Tool.zip>).

The Deliverable D4.4 “GeoCluster Mapping Tool” is a ZIP archive that includes:

- The Ge2O source code developed by DAPP within the Ge2O European Project;
- The Ge2O Knowledge Repository source code developed by DAPP within the Ge2O European Project;
- The database schema, the raw data and the functions to manage the data collected by all Project Partners;
- The GeoServer files that describe the layers and the associated style sheets;

The D.4.4 GeoMapping Tool is available under two licences:

- Ge2O Consortium: The platform will be maintained by D'Appolonia beyond the end of the project for a period of 2 years as open-source. More detail on *D5.2 Exploitation strategy*.
- External to the Consortium: the Creative Commons License (CC BY-NC-SA 4.0¹):
 - Attribution: The External Company must give appropriate credit, provide a link to the license, and indicate if changes were made. The External Company may do so in any reasonable manner, but not in any way that suggests the licensor endorses the External Company or its use.
 - NonCommercial: The External Company may not use the material for commercial purposes.
 - ShareAlike: If The External Company remix, transform, or build upon the material, The External Company must distribute your contributions under the same license as the original.
